

# 2010 VENTURA SPORT FEMME

Pearl White

## UPGRADES/CHANGES FROM 2009

- Integrated headtube and fork
- Shimano New 2300 components
- FSA Headset

*Femme*

## FEATURES/BENEFITS

The Ventura frame features Size Specific Tubing (SST): smaller frames are constructed with smaller diameter tubing to retain resiliency and ride quality, while larger frames are constructed using larger diameter tubing to retain stiffness for larger riders.

Ventura Sport's frame is a competition inspired sloping top tube design featuring lightweight 7005 aluminum tubing, Integrated head tube and ride-tuned rear stays with a replaceable derailleur hanger.

Our Femme version offers women's specific frame sizing & geometry and component selection, including anatomically adjusted top tube lengths & women's specific saddles, with handlebar, stem and crank lengths all dimensioned to optimally fit women for greater comfort & efficiency.

The Jamis designed aluminum road fork features lightweight aluminum blades that handle precisely, with a chromoly steerer to assure strength and durability.

A complete Shimano Sora/2300 16-speed drivetrain, including STI shifters, assures light, precise shifting throughout the entire gear range.

Sport's wheelset features light-but-durable double-wall aluminum rims, smooth rolling Formula alloy hubs and stainless steel spokes trued precisely with even spoke tension to stay in true.

FSA's compact chainring concept is revolutionary: a 34T inner chainring offers a 15% lower gear ratio than traditional 39T double ringed road cranks, but the 50T outer loses only 6% off the top end compared to the 53T traditional outer. You get the hill climbing capability of a triple, yet weight less than a standard double.

A sealed cartridge bottom bracket improves performance and reduces maintenance.

Tektro's dual pivot brakes offer safe, secure braking and high quality forged alloy construction.

Vittoria's Zaffiro 23c tires offer legendary, road-holding capability and superior ride quality.

Our over-sized 31.8 bar & stem combination offers greater support & stiffness when sprinting out of the saddle. With 55mm of shim stack under the stem allowing for over 2" of stem height adjustability.

## SPECIFICATIONS

Frame	Kinesis 7005 taper-gauge aluminum, SST tubing diameters, sloping top tube frame design, replaceable derailleur hanger
Fork	Alloy straight blade Aero Road with cromoly steerer
Headset	FSA Integrated, threadless, 1 1/8"
Wheels	Alex ID-19 alloy double-wall rims, 32/28H, Formula sealed alloy QR hubs, 14g stainless steel spokes
Tires	Vittoria Zaffiro, 700 x 23c
Derailleurs	Shimano Sora RD-3400 rear and Shimano FD-2300 front, 31.8mm clamp
Shiftlevers	Shimano ST-2300 Dual Control STI, 16-speed
Chain	KMC Z8
Cassette	SRAM PowerGlide 850, 8-speed, 12-26
Crankset	FSA Tempo Compact, 50/34, 165mm (44/48), 170mm (51/54)
BB Set	Sealed cartridge, 68 x 110.5mm
Pedals	Touring platform style, full alloy with toe clips
Brakeset	Tektro dual-pivot calipers with Shimano ST-2300 STI levers
Handlebar	Jamis Road, 31.8mm with anatomic bend, 380mm (44/48) 400mm (51/54)
Stem	Jamis Forged Road, 6D x 80mm (44/48), 100mm (51/54)
Grips	Jamis suede bar tape
Seat Post	Jamis alloy micro-adjust road, 300mm x 27.2mm with alloy clamp
Saddle	Jamis Road Sport Femme with SL top and satin steel rails
Sizes	44, 48, 51, 54cm
Color	Pearl White

Road
