

# 2010 EARTH CRUISER 3

## UPGRADES/CHANGES FROM 2009

New Colors!

## REASONS TO UPGRADE FROM EARTH CRUISER 1

Shimano 3-speed internal gear rear hub with coaster brake

Copperfield/Pearl White

## FEATURES/BENEFITS

The Earth Cruiser 3's lightweight & durable 7005 aluminum is easier to pedal than steel, and offers corrosion and rust-resistant attributes in coastal salt water conditions.

Our compact cantilevered cruiser design offers the lightest possible weight, with 4 sizes assuring a better fit for a more comfortable and secure ride.

Our traditional seat-tube-centerline crank position offers the most comfortable pedaling position on all terrains, is more stable and easier to pedal from a stop, and is easier to pedal out of saddle than crank-forward designs.

Shimano's 3-speed hub offers near maintenance-free gearing options with the simplicity of single speed coaster brake stopping.

Alex's Zuma alloy rims are reliably true & durable and are laced with 36 stainless steel spokes on the Earth Cruiser 3 producing a strong, rust-resistant wheel.

The EC3 features a near all-alloy parts list -- alloy micro-adjust seat post, alloy stem, alloy seat post clamp, alloy front hub, alloy rims, alloy kickstand -- all of which add value, eliminate rust and reduce weight for an easier to pedal, more comfortable ride.

The Earth Cruiser saddle is the same as we use on our Jamis Explorer sport comfort bikes -- with memory foam padding for optimum support with maximum comfort.

The slip-resistant suede-type top prevents sliding and the burnished side panels reduce leg friction while pedaling. Elastomer springs help soak up high resonant road vibrations.

This saddle is offered in gender specific shape and sizing for each of our Men's and Women's models.

Our Jamis Cruiser bar is the most sensibly designed in the business -- just the right width, sweep & rise, for a perfectly comfortable upright ride that won't accidentally knock you in the ribs during tight radius, slow speed turns like in a driveway or parking lot.

The rubber-like inserts on the pedals are actually slip-resistant, offering some shock-absorption as well, for a safer, more secure ride. You can even ride barefoot comfortably!

## SPECIFICATIONS

Frame	Contemporary comfort design with 7005 aluminum oversized tubing. Includes kickstand and painted steel chainguard
Fork	Hi-tensile unicrown with straight blades
Headset	Sealed, 1 1/8"
Wheels	Alex Zuma 36H black anodized alloy rims with alloy nudded front hub and Shimano 3-speed rear, 14 gauge stainless steel spokes
Tires	Jamis Cruise-control comfort tread 26x2.125" silver stripe
Derailleurs	N/A
Shiftlevers	Shimano RevoShift, 3-speed
Chain	KMC Z410NP
Cassette	Shimano 23T
Crankset	Forged alloy crank, 170mm, with 44T compact disc chainring
BB Set	Cotterless bolt type, 3PB axle, 68 x 119 (32 - 52 - 35)
Pedals	Cruiser alloy platform with TPE comfort insert
Brakeset	Shimano coaster brake
Handlebar	Jamis Cruise-control comfort bar
Stem	Alloy hi-rise, 180mm quill, 100mm extension, with removable 2-bolt cap
Grips	Spectro comfort kraton
Seat Post	Alloy micro-adjust, 27.2 (M) & 26.8 (W) x 300mm with 31.8mm alloy clamp and chromo seatpin
Saddle	Earth Cruiser Comfort with memory foam padding, synthetic suede top, burnished sides and bumper springs
Sizes	M: M (18") & L (21") F: S (15") & M (17")
Color	M: Gloss Black/Stainless, Cerulean Blue/Stainless or Copperfield/Pearl White F: Sugar Blue/Pearl White, Sugar Lavender/Pearl White, Sugar Pink/Pearl White or Pistachio/Pearl White
