

2010 VENTURA COMP 650c

Victory Red

UPGRADES/CHANGES FROM 2009

- Wheelset featuring Mavic CXP-22 rims
- Ritchey handlebar/stem with two bolt seatpost
- FSA headset

REASONS TO UPGRADE FROM VENTURA SPORT

- Lightweight double-butted 7005 frame
- Full carbon composite fork
- Mavic/Formula wheelset
- Shimano Tiagra/Sora 18-speed drivetrain
- Ritchey seatpost, handlebar and stem
- Selle San Marco ischia saddle

FEATURES/BENEFITS

The Ventura frame features Size Specific Tubing (SST): smaller frames are constructed with smaller diameter tubing to retain resiliency and ride quality, while larger frames are constructed using larger diameter tubing to retain stiffness for larger riders.

This frame is a competition inspired sloping top tube design featuring 7005 double-butted tubing, integrated head tube for aerodynamic efficiency & ride-tuned rear stays with replaceable RD hanger.

The Ventura Comp's fork features straight, aero-shaped blades and FULL carbon composite construction, including steerer and crown, for reduced weight & aerodynamic drag.

Low spoke count wheels featuring Alex rims offer less aerodynamic drag than higher spoke count wheels and are lighter, reducing rotational weight for higher performance at lower energy output.

FSA's compact crankset concept is revolutionary: a 34T inner chainring offers a 15% lower gear ratio than the traditional 39T double ring'd road cranks, but the 50T outer loses only 6% off the top end compared to the 53T traditional outer. You get the hill climbing capability of a triple, yet less weight than a standard double.

A sealed cartridge bottom bracket improves performance and reduces maintenance.

Tektro's dual pivot brakes offer safe, secure braking and high quality forged alloy construction.

Shimano's Tiagra/Sora 18-speed drivetrain assures light, precise shifting throughout the entire gear range.

Vittoria's Zaffiro slick 23c tires offer legendary, road-holding capability and superior ride quality.

Selle San Marco's Ischia saddle rides comfortably & efficiently with classic Italian styling.

Ritchey Logic Comp over-sized 31.8 handlebar & stem combination delivers comfort, light weight and reliability at a critical rider contact point.

Our 41cm version features 650c wheels with reach-adjustable Shimano brake levers, a youth specific saddle and other small-size appropriate components to make Ventura Comp a perfectly affordable high-performance dropped-bar bike for the youngster looking to get into the healthy, exciting world of road riding.

SPECIFICATIONS

Frame	Kinesis 7005 double-butted aluminum main frame, SST tubing diameters, sloping top tube frame design, replaceable derailleur hanger
Fork	Carbon straight blade fork for 650c wheel, alloy crown and steerer.
Headset	FSA Integrated, threadless, 1 1/8"
Wheels	Alex AKX R1.0 650c wheelset, 28/32H, aero profile rims with CNC sidewalls, radial front, 2X rear
Tires	Vittoria Rubino, 650 x 23c
Derailleurs	Shimano Tiagra RD-4500 rear and Sora FD-3400 front, 31.8mm clamp
Shiftlevers	Shimano Sora ST-3400 Dual Control STI, 18-speed
Chain	KMC Z-9000
Cassette	SRAM PowerGlide 950, 9-speed, 11-26T
Crankset	FSA Tempo compact, 50/34T, 160mm
BB Set	Sealed cartridge, 68 x 110.5mm
Pedals	Touring platform style, full alloy with toe clips
Brakeset	Tektro dual-pivot calipers with Shimano Sora ST-3400 STI levers
Handlebar	Ritchey Biomax Road, 31.8mm, 380mm
Stem	Ritchey Road 6D x 75mm
Grips	Jamis suede bar tape
Seat Post	Ritchey Road, 2 bolt, 300mm x 27.2mm with alloy clamp
Saddle	Jamis Road Sport Youth with SL top and satin steel rails
Sizes	41cm
Color	Victory Red
