

2009 JAMIS COMMUTER 1

UPGRADES FROM 2008

Matching distressed leather-finish saddle and grips

Comfortable foam grips with stitched covers

Outback Gold

Gloss Black

Celery

FEATURES/BENEFITS

Large diameter 700c road bike wheels roll faster & more predictably at speed, and roll over bumps & potholes more comfortably than smaller diameter 26" wheels

Commuter's no-nonsense aluminum frame is lightweight & durable and available in 7 sizes for the best possible fit, all contributing to a more comfortable and safer ride

Our straight-bladed tapered unicrown fork is lighter than a suspension fork, improving pedaling performance and maneuverability

The classic swept-back, city-bike style handlebar with 43 degree back sweep, 66m rise and 595mm width puts hands & wrists in a comfortable, natural palms-in position

A long quilled, angle-adjustable stem offers a comfortable, upright ride position that's easy on neck & wrists

Our smooth-rolling, inverted tread 700 x 38c tires hold more air volume & are more comfortable to ride than smaller width 23 - 28C road tires.

These tires feature a reflective sidewall stripe which, in tandem with the CPSC rated wheel reflectors, enhance visibility in the dark. But don't forget your lights!

The 7-speed twist shifting drivetrain is lighter and simpler to operate than other double-digit-speed bikes, yet offers plenty of gearing for cycling around town

Our chainguard is double-sided to keep the chain on the chainring and your legs and clothes safely & cleanly away

A near all alloy parts list -- alloy micro-adjust seat post, alloy stem, alloy crank, alloy seat post clamp, alloy hubs, alloy rims -- reduces total bike weight and alloy brakes & levers, alloy kickstand -- reduces weight, adds value and is rust-proof

Our super plush saddle features memory foam padding for optimum support with maximum comfort. The "nap" of the distressed leather finish offers a good "grip" for the saddle top to prevent slipping, while still allowing the thighs to slide freely against the saddle sides for an easier and more comfortable ride

A telescoping suspension seat post with 1" of coil-sprung travel smooths out pot holes and railroad track crossings.

TPE slip-resistant inserts on the Commuter's pedals damp road vibration and provide a more secure connection between foot and pedal

Super plush comfort saddle with memory foam, elastomer springs and attractive distressed leather finish with matching grips

SPECIFICATIONS

| | |
|-------------|--|
| Frame | 7005 Triple guage aluminum main tubes and stays, sloping design, rack/fender mounts, double eyelets |
| Fork | Hi-tensile steel unicrown, straight blades, with dropout eyelets |
| Headset | Sealed, threaded, 1 1/8" |
| Wheels | Alex 2000 silver anodized alloy rims, 36H, with Formula alloy QR front and rear hubs, 14g stainless steel spokes |
| Tires | CST inverted tread design, 700 x 38c, with safety stripe |
| Derailleurs | Shimano Altus rear |
| Shiftlevers | SRAM Grip-shift MRX-204, 7-speed |
| Chain | KMC UG50 |
| Cassette | Shimano freewheel, 7-speed, 13-34 |
| Crankset | Forged alloy crank, single 44T chainring, 170mm (14.5-22") with chainguard |
| BB Set | VP sealed bolt type, 3RB axle, 68 x 129mm (35 x 52 x 42) |
| Pedals | Comfort platform with TPE non-slip insert |
| Brakeset | Alloy direct pull brakes with Tekro Tenera levers |
| Handlebar | Classic swept-back city-bike style, 10D rise x 540mm |
| Stem | Jamis alloy, angle-adjustable type, 90mm ext x 150mm quill (14.5-17.5") or 110mm ext x 180mm quill (18.5-22") |
| Grips | Jamis Urban, high density foam with stitched synthetic leather cover |
| Seat Post | Suspension, alloy micro-adjust, 350mm x 27.2mm, with alloy QR clamp |
| Saddle | Jamis Urban with synthetic distressed leather top and sides and single loop springs |
| Sizes | M: 14.5" 16.5" 18.5" 20.5" 22" W: 14.5", 17.5" |
| Color | Gloss Black (M), Outback Gold (M & W) or Celery (W) |
| Weight | 28.70 lbs |
