

2010 COMMUTER 3

Sangria/Stainless

Ocean Mist/Stainless

UPGRADES/CHANGES FROM 2009

- Hydroformed top and down tubes
- NVO Components ATS adjustable-height stem system
- Shimano Dynamo front hub with LED automatic front light
- Powerful linear pull brakes
- Sleek, swept back ARC bar
- Lightweight flat alloy fenders & tubular alloy rear carrier with wooden top

REASONS TO UPGRADE FROM COMMUTER 2

- Shimano Nexus Inter-8-speed rear hub
- Shimano Dynamo front hub with LED automatic front light
- Jamis designed tubular alloy rear carrier with wooden top
- Lightweight alloy fenders
- Lightweight full alloy pedals

FEATURES/BENEFITS

The 2010 Commuter frame features new hydroformed top and down tubes for enhanced steering control and good looks.

Our aluminum, straight-bladed & tapered unicrown fork is significantly lighter than a suspension fork, improving pedaling performance and maneuverability.

The svelte ARC handlebar with 27 degree back-sweep, puts hands & wrists in a comfortable, natural position.

NVO Components ATS adjustable-height stem system is much lighter than angle adjustable stems and adjusts handlebar height more easily & quickly too.

Our new Commuter grip offers an ergonomic design with a stylishly stitched cover.

Shimano's efficient dynamo front hub powers KMC's cool iLight, a hi-intensity LED lamp that thoughtfully remains lit when stopped at traffic lights and offers an auto-on feature that operates only at night.

Shimano Nexus Inter-8 speed rear hub shifts lightly in close increments over a huge gear ratio range and is labyrinth sealed for extra-low maintenance.

Smooth-rolling, Vittoria Adventure Touring 700 x 32c tires hold more air volume & are more comfortable to ride than smaller width 23 - 28C road tires.

These tires also feature a 3M reflective stripe for enhanced visibility in the dark and a puncture-resistant casing that helps protect tubes from flats.

Weinmann's ZAC1800 double wall rims are stronger, lighter and longer lasting than standard single wall rims.

Commuter 3's new Blade Runner alloy fenders are light & stylish and protect both rider and bike from rain water sloughing off spinning wheels.

Our Metro Sport saddle features a perfect balance of padding for maximum comfort with a svelte profile for efficient pedaling.

Our custom-designed rear carrier blends function with style: made with radius bends that match the wheel and a polyurethane-finished wooden platform for piling stuff on top.

SPECIFICATIONS

Frame	6061 triple gauge aluminum main tubes and stays, sloping design, rear carrier and fender mounts, forged dropouts with double eyelets
Fork	Jamis City/Cross fork, aluminum, forged dropouts with single eyelet
Headset	VP Slimstak headset threadless, 1 1/8"
Wheels	Weinmann ZAC-1800 double-wall rims, 36H, with Shimano Nexus Inter-8 rear, Shimano DH2N35 Dynamo front hub, 14g stainless steel spokes.
Tires	Vittoria Adventure Touring, 700 x 32c, with Rubber Shield puncture protection and reflective safety stripe
Derailleurs	N/A
Shiftlevers	Shimano SL-8S20 Revo shifter for Nexus hub, 8-speed
Chain	KMC Z410
Cassette	Shimano Nexus 20T
Crankset	Forged alloy crank, single 42T chainring, 170mm (14-18"), 175mm (19-23"), with chainguard
BB Set	Sealed cartridge, 68 x 122.5mm
Pedals	City/Cross style, full alloy, toe clip compatible
Brakeset	Tektro Linear pull brakes with Tektro Tenera Levers
Handlebar	Jamis ARC, 6061 aluminum, w/27 degree sweep
Stem	NVO Components adjustable threadless system (ATS) aluminum stem, TM-4, 90mm (14/15/16/17/18"), 105mm (19/21"), 115mm (23")
Grips	Jamis anatomical, dual density, with stitched synthetic leather cover
Seat Post	Jamis alloy micro-adjust, 350mm x 27.2mm, with alloy QR clamp
Saddle	Jamis Metro Sport, gender specific
Accessories	Dynamo front LED light, alloy rear carrier with wooden top and carrier strap, lightweight Blade Runner flat alloy fenders
Sizes	M: 15", 17", 19", 21", 23" F: 14", 18"
Color	Sangria/Stainless (M), Ocean Mist/Stainless (F)
