

# 2009 JAMIS COMET

Team Red/Gloss Black

## UPGRADES FROM 2008

- New aero seat tube
- Xenith T-series dual-position carbon fiber seat post
- New 47cm size with 650c wheels
- Shimano Ultegra rear derailleur

## FEATURES/BENEFITS

Aero tubing profiles, rear-entry dropouts, wheel-cut seat tube, 1" headtube all contribute to make the Comet the fastest bang for the buck in all the Tri world

Comet features the same dual-position carbon aero seatpost as offered on our Xenith T-series, so you can set & micro-adjust the saddle in a Triathlon forward position or a TT setback, road position

Comet's carbon forkcheats the wind with its aero-shaped blades and 1" steer tube that reduces frontal profile

The Alex ALX-270 wheelset slices through the wind with bladed spokes, aero profile rims and smooth rolling hubs. This is a surprisingly fast, light & durable wheelset

FSA's Gossamer crank features a MegaExo integrated BB which eliminates bottom bracket flex via an oversized BB spindle and offers oversized external bearings for additional durability and strength

Tektro's R530 dual pivot brakes are forged for powerful stops & durability and are paired with aero brake levers to cut through the wind

A complete Shimano Ultegra/105/Dura Ace drivetrain assures light, precise shifting over all 20-speeds

SRAM's 10-speed chain with PowerLock connecting link delivers optimal chain security and dependability with superior performance

Profile Design's aero cockpit offers complete adjustability and comfort in a surprisingly lightweight package

Vittoria's Zaffiro 23c tires deliver legendary road holding capability and ride quality

Selle San Marco's Trilon saddle is specifically designed for Tri/TT bikes with a padded nose, chromoly rails and classic Italian styling

## SPECIFICATIONS

Frame	Aero 7005 butted aluminum frame with aero down tube, flat-oval top tube, hydroformed airfoil seat tube with wheel cut-out, rear-entry horizontal dropouts
Fork	Aero road with carbon fiber blades and 1" chromoly steerer
Headset	Internal AheadSet, 1"
Wheels	Alex ALX-270 wheelset (ALX-320 Comp 650c for 47cm), 24mm aero profile rims, machined ball bearing hubs, bladed spokes, 20H radial front, 24H 2X rear
Tires	Vittoria Zaffiro 700 x 23c (Vittoria Rubino 650 x 23c for 47cm)
Derailleurs	Shimano Ultegra SS rear and 105 braze-on front
Shiftlevers	Shimano Dura-Ace bar-end, 20-speed
Chain	SRAM PC-1030 with PowerLock
Cassette	Shimano CS-5600, 10-speed, 11-25
Crankset	FSA Gossamer, 53/39, 170mm (47/51), 172.5mm (54), 175mm (56/58/61)
BB Set	FSA Mega Exo, external bearing
Pedals	NA
Brakeset	Tektro R530 dual pivot calipers with Tektro RX 4.1 levers
Handlebar	Profile T2+ extensions, Air Wing base bar, 400mm (47/51/54), 420mm (56/58), 440mm (61)
Stem	Jamis 1 1/8" threadless w/22.2mm shim, 7" x 90mm (47/51/54), 100mm (56/58/61)
Grips	Jamis gel tape
Seat Post	Jamis Aero carbon post with dual setback
Saddle	Selle San Marco Ponzia Trilon
Sizes	47 (650C), 51, 54, 56, 58, 61cm
Color	Team Red/Gloss Black
Weight	20.70 lbs
