TOP 5 THINGS YOU NEED TO KNOW

Shimano's Tiagra 10-Speed group was redesigned and engineered in 2012. With new dual control ergonomic shaped shift levers, across the board 10-Speed compatibility and wider gear ranges this group has it covered.

FSA's compact chainring concept is revolutionary. The FSA Omega 50/34 with Press Fit 30crank gives you a 15% lower gear ratio with only a 6% off the top ring. You get the hill climbing capability of a triple, yet less weight than a standard

Alex AT 470 rim with TCS (Tubeless Compatible System) rims mated with Formula smooth spinning hubs and DT Champion stainless spokes, meticulously built, make a great all-around wheelset.

Selle Royal has been a world-leading bicycle saddle brand for over 50 years. The handmade Seta S1 with neat Integrated Clip system is a lightweight high performance saddle that has a flat-topped surface to improve flexibility, regardless of a rider's seated position.

Ritchey Logic Comp over-sized 31.8 handlebar & 4-Axis stem combination delivers comfort, light weight and reliability where rider's most need it: in their hands.
